MOVE-OUT CLEANING CHECKLIST AND INSTRUCTION SHEET

We would like to inform you of your right to a pre-move out inspection at your home. In order to avoid having cleaning charges deducted from your damage deposit for costs and damage.

You will need to schedule this pre-move out inspection no more than two (2) weeks prior to your departure date. Items that have to be cleaned or repaired by our maintenance contractors will be charged at a minimum of \$25.00 per hour, so it will be a lot cheaper for you to return the apartment to us in clean, repaired and immediately rentable condition. We request you to do so.

The following is a checklist of items to be done before vacating your home, and the average time involved in the cleaning of that item. Please note these are general averages for time involved with cleaning. Your Resident Manager may estimate a different time based on the condition. Please note that the Property Manager's estimate is only an estimate, and the actual amount charged will most likely vary.

Please ensure that the items on the following checklist have been completed before the final inspection of your home by the Property Manager. Thank you!

KITCHEN

STOVE/OVEN (2.5 hrs)

- Under & behind the unit itself (the stove can easily be slid out of its current position)
- Burners & Surface, this includes the area below the burners. (On most electric models the burners can be removed by lifting the outer-most portion of the burner and gently pulling away from the center of the stove top, this will allow the stove top to be lifted off to facilitate cleaning underneath. The drip pans should be removed and cleaned or replaced. Recommended cleaning agent – Soft Scrub or similar solution. **(MAKE SURE THAT THE STOVE HAS BEEN UNPLUGGED PRIOR TO CLEANING AND THAT THE AREA IS COMPLETELY DRY BEFORE PLUGGING IT IN AGAIN!)**
- Oven & Broiler/Lower Storage Drawer (if so equipped), removing the oven rack(s) will aid in their cleaning and the cleaning of the oven. Recommended cleaning agent - Aerosol Oven Cleaner.
- Surface, this includes the front and sides of the unit. Recommended cleaning agent- 409 or similar solution, and Soft Scrub or equiv. if necessary.

REFRIGERATOR (1.5 hrs)

- Under & behind, also dust and remove all lint and pet hair from the evaporation coils located on the rear of the unit. (Should you have an under-counter model that you can not slide forward call you're Resident Manager and he will move it for you.)
- Surface, top, front, & sides. Recommended cleaning solution - 409 or equiv.
- Inside, the shelves and drawers are removable and should be removed during cleaning process. Recommended cleaning agent - 409 or equiv.

IMPORTANT NOTE: When you are finished, be sure to turn the refrigerator ON to its warmest setting or leave the door ajar and unplug electrical cord from wall. **DO NOT KEEP THE DOOR CLOSED WITH THE UNIT 'OFF'; THIS COULD RESULT IN ADDITIONAL CLEANING CHARGES.**

COUNTERS & CABINETS (1.5hrs)

- Inside cabinets and drawers
- Outer surface and top of cabinets
- Counter surface and tiles
- Recommended cleaning agents - 409 or equiv., Soft Scrub or equiv. If necessary, and Pledge or Murphy's Oil. for outer cabinet surfaces.

FLOORING

KITCHEN/BATH (0.75hrs)

- Recommended cleaning agent - Pine Sol or equiv. Wax Linoleum flooring with future or equiv.
DO NOT APPLY WAX TO CERAMIC OR MARBLE TILE.

HARDWOOD (0.75hrs)

- Recommended cleaning agent – Murphy's oil soap (floor must be rinsed properly after cleaning so no film remains).
